

QUALITY POLICY

“Shoobridge Transport provides storage and distribution of fresh fruits, produce and processed food products to intrastate and interstate destinations.

Management and staff of Shoobridge Transport are committed to quality improvement processes to meet customers and government requirements for:

- **Food Quality and Safety**
- **Maintenance Management**
- **Mass Management**
- **Driver Fatigue Management**
- **TruckSafe**

through the implementation of our ISO9001:2008 quality system.

Management and staff of Shoobridge Transport are also committed to quality by ensuring the objectives of this policy are met at all times and by continually assessing transport procedures for improved effectiveness of our operations.”

Effective: 27th February 2013

**P Shoobridge
Director**
